COMPLIANCE WITH BACKGROUND SCREENING REQUIREMENTS POLICY

All Independent Contractors

All Independent Contractors who provide direct care assistance to clients of Powell Supportive Services, Inc., Nurse Registry, will be screened according to Level II background screening requirements.

Independent Contractors employed before August 1, 2010

Every contractor must attest to meeting the requirements of this chapter and agreeing to inform the Nurse Registry immediately if arrested for any of the disqualifying offenses while under contract with Powell Supportive Services, Inc. [Section 435.05(2)]. This attestation must be maintained in the Independent Contractor's registration file. You may use the Affidavit of Compliance with Background Screening to satisfy the attestation requirement.

If the Nurse Registry becomes aware that a contractor has been arrested for a disqualifying offense, the Nurse Registry must remove the contractor from contact with any vulnerable person that places the contractor in a role that requires background screening until the arrest is resolved in a way that the Nurse Registry determines that the contractor is still eligible for contracting under this chapter. [Section 435.06(2)(b)]

AHCA Background Screening Information

Please refer to the AHCA website for the most current background screening requirements, including but not limited to rescreening requirements and eligibility determinations. The following information will help the Independent Contractor should he have any questions regarding the law and background screening requirements.
